

## Lesson 31

### Abstract Nouns

An abstract noun is a noun that you can't see, hear, taste, smell or feel. They don't exist in a physical shape or form. All emotions are abstract.

#### Example:

**Intelligence, bravery, love, happiness** etc.

There is a lot of **love** between a mother and a child.

The soldier's **bravery** amazed the people.

Money can't buy **happiness**.

The scientists completed the **analysis** and found a **solution** to the disease.
